Hello, EPA is planning a May 25, 2016 Site open House at the community center. We would like to invite you in behalf of your agency to participate along with our other partner agencies in this informal, information sharing format for the public. We are asking agencies and organizations to head up a Table of information on site related topics. This could include fact sheets, maps, other health information from your agency.

Pls. give it some thought and let us know if you can participate in this timely site meeting with the public.

Thanks,

9768390
